

Scott Design Augmented Reality Marker

www.hotdesign.com/ar

How to use the augmented reality marker:

- Print out this page at 100% size.
- Turn on your computer's webcam.
- Point your browser to www.hotdesign.com/ar and select an AR app to view.
- Hold the black-square marker in front of your webcam.

Controlling the screen:

- Move the marker closer or farther away from your webcam to change the size.
- Rotate the marker left, right, or upside down to change the direction.
- Tilt the marker to move things toward you, away from you, or to the sides.
- On the snowstorm, use the sliders to change the number or speed of the flakes.

If you don't have a webcam, you can still enjoy the show:

- Point your browser to www.hotdesign.com to see the Scott Design portfolio
- Visit www.hotdesign.com/snowing to see the virtual snowstorm. Use the sliders to control the snowfall.
